

## **COMPANY PROFILE**

### **Introduction**

Established in November 2012, Aickman and Greene Consultant's Corporation became the most trusted partner of various individuals and organizations in Metro Manila. From then on, we have committed ourselves to exceed your expectations and cater to your recruitment needs through a careful and procedural recruitment system, soliciting perfectly suited talents for local or overseas deployment. We built a portfolio for both local and multinational companies, and all of our clients have accomplished a notable success with our services.

Our foundation lies on the perseverance of our highly motivated recruitment consultants with various specializations in recruiting high caliber talents for a wide spectrum of industries ranging from general disciplines, technical, skilled professionals, senior executives, and top management level of people. We maintain a strong commitment to quality, efficiency, accuracy by keeping constant functional knowledge and responsiveness in the industry. As we continually grow as an organization, we continue with our winning ways and in effect always creating a winning situation for many individuals and organizations alike.

### **Our Mission:**

**To consistently provide Expert Recruitment Solutions in all industries here and abroad.**

**To create and provide more and better career opportunities for the people of our society.**

As a company of Talent Acquisition Experts, we strive hard to consistently accommodate your requests and demands. Delivering it with touch of expertise that will achieve sustainable growth and expansion. We want to be consistently flexible in all industries that we deal and will be dealing with. We always make sure that everything suits in your company because we are, and will always be your dynamic partner towards success. We are the catalyst of career and economy growth.

### **Our Vision:**

**To be the world leader in Executive Search and BPO Recruitment.**

As we become the most trusted recruitment provider in this industry, we see ourselves to be at the forefront of the recruitment industry primarily the Executive Search and BPO Recruitment. We are confident that our partners will benefit from our superior quality of service, multidisciplinary excellence, professionalism, and integrity.

### **The 5 Great Recruitment Expert Values:**

1. **Flexible Mindset in different industries**
  - We can provide expert recruitment solution for all industries.
2. **Passion for consistent expertise**
  - We always imbibe the spirit of expertise, from the quality of candidates that we provide to the proof of growth that our partners are continuously enjoying.
3. **Superb way of Judgment in all kinds of decision making**
  - We are always objective in all the assessments and endorsements that we submit.
4. **Positive thinking**
  - We are focused on what we do, no matter what candidate or client related problems we encounter, we always make sure we provide quality, quantity and tangible results.
5. **Caring heart for Candidates**
  - We provide coaching for fresh graduates and non-experience candidates and that is how dedicated and caring we are.
